The Senior Dental Program provides low-income Coloradans age 60 or older with access to high quality dental care.

Senior Dental Program Fast Facts

- **21** Senior Dental Program Grantees
- **2,734** Seniors served in FY 2016-17
- **15,397** Total visits in FY 2016-17

A Valuable Service for Seniors

$2,962,237 in total grants awarded FY 2016-17

Many low-income Colorado seniors wouldn’t be able to afford the dentist without the services provided by the Senior Dental Program.

Seniors who are eligible for this program must have an income less than $30,350 per year.

For FY 2016-17, the average cost spent per client was $1,083.

Medicare doesn’t pay for dental unless supplemental plans are purchased.

Over 1,000 seniors are currently on a wait list for Senior Dental Program Services.

Most Health First Colorado members no longer receive dental benefits at the age of 65.
